Health Minister launch NEC funded 5G Applications in NER with Hub at AMTRON in Smart City Pasighat

## Health Minister launch NEC funded 5G Applications in NER with Hub at AMTRON in Smart City Pasighat

June 23, 2023

**PASIGHAT, June 22:** In a revolutionary initiative which will transform the health and Agriculture sectors of the state and facilitate immersive learning in health care education in the state and the North East Region in general through 5G AI driven Technology intervention, Minister of Health & Family Welfare, GoAP, Alo Libang today launched the project-“5 G Applications in NER with Hub at AMTRON, Guwahati “funded by NEC in Smart City Pasighat –at Govt. College of Nursing, Pasighat, Bakin Pertin General Hospital (BPGH) and College of Agriculture, Pasighat (CoA, CAU).

The Minister was accompanied by NEC Secretary, K Moses Chalai, MLAs Ninong Ering and Kaling Moyong, Secretary Industry Hage Tari, DC East Siang Tayi Taggu, Jt.DHS, BPGH, Dr. T.Tali, PMC Chief Councillor, Okiam Moyong Borang, HoDs and host of officers and representatives from executing partners.

The Health Minister terming the initiative as first of its kind said that the NEC funded initiative will immensely help in facilitating remote patient monitoring and consultation, Telemedicine and screening through the mobile AI App based solutions and devices ,though which patients can access speedy ,affordable and specialised and best of healthcare services in easy and seamless manner even in rural areas through 5G AI solutions. The project will be replicated in all districts including CHCs and PHCs with special focus on rural areas, he added.

At Govt.College of Nursing, Pasighat which is the first Nursing College to be equipped with Virtual Reality powered Immersive Human Anatomy learning Model under the project , the Minister also interacted and took the feedback of the with students on their enhanced learning experiences through the AR VR Applications.

The Minister also visited the Bakin Pertin General Hospital(BPGH), Pasighat where the project is being implemented, for exposure to acquaint with practical deployment of 5 G health AI solutions in OPD of the Hospital and its benefits to the patients and the healthcare professionals.
